

Time		Theme	Speaker	Brief summary
10:00 10:15	Introduction	Ivan Aranda, R2M <i>Solution</i>	This opening session provides a comprehensive overview of the project's framework and overall structure. It will clearly detail the core concept and the strategic approach we utilized throughout our work. Furthermore, the introduction describes the practical implementation of the One-Stop-Shop, highlighting how it is specifically designed to support local authorities and empower local energy communities.	
10:15 10:30	CINEA's words	Vinicius Valente <i>CINEA</i>	Words from the Project Officer of LIFE-BECKON.	
10:30 10:50	LIFE-BECKON One-Stop-Shop: how does it work?	Pablo Imaz, R2M <i>Solution</i>	Discover the LIFE-BECKON One-Stop-Shop (OSS) platform, a comprehensive tool designed to facilitate the creation and replication of energy communities across Europe. This session explores its Guidance, Training, and Opportunity Hubs, which equip stakeholders with step-by-step resources, educational materials, and funding opportunities. The presentation will conclude with a hands-on virtual demo of the OSS platform to showcase its practical features in action.	
10:50 11:10	Step by step guidance for energy communities	Asier Larretxea, <i>WEG</i>	This presentation offers a thorough introduction to our step-by-step guidance hub. The hub provides resources to help you along the creation of energy communities. During the session, we will actively navigate through the various stages of this platform-based guide. Finally, we will showcase specific examples of the practical materials and supportive tools provided.	
11:10 11:30	Scaling energy communities: The Open Innovation Journey	Marta I. De Los Ríos White, <i>ENoLL</i>	This talk focuses on our unique Open Innovation Journey, a structured approach to equipping stakeholders with the skills to lead energy initiatives. From the Open Innovation Journey to our interactive Training Hub, we share how we use video content and "Train the Trainer" models to bridge the gap between policy and community-led actions.	
11:30 11:40	Q&A			
11:40 11:45	BREAK			

		<p>Eik Buhl, City of Copenhagen</p>	<p>Opportunity Hub to create local EC ecosystem</p> <p>This presentation will explore the specific perspective of Copenhagen regarding Energy Communities. We will examine the essential processes of setting up and capacity building a Technical Assistance Office. The session will also detail the proactive outreach approach utilized to engage local stakeholders. Finally, we will demonstrate how these strategies effectively stimulate interest in PV and EC initiatives.</p>
<p>11:45 12:15</p>	<p>Practical example of how to use the OSS</p>	<p>Diana Paunova, Sofia Energy Agency</p>	<p>OSS in support of TAO and ECs in Sofia</p> <p>Our focus is on the project's long-term legacy and sustainable impact. We aim to highlight comprehensive successes from all demonstration sites, showcasing a wide range of positive outcomes, from capacity building to active energy communities, that extend beyond the One-Stop-Shop.</p>
		<p>Cristobal Vila, Diputación de Ávila</p>	<p>Guidance Hub to support ECs in supramunicipal rural areas</p> <p>The presentation will focus on Avila's Technical Assistance Office and One-Stop-Shop platform, a targeted approach to supporting the establishment and implementation of Energy Communities. From extensive capacity-building to "Train the Trainer" seminars, we share how we engage local municipalities and stakeholders to overcome initial barriers and successfully launch community-led energy projects</p>
<p>12:15 12:30</p>	<p>Expanding ECs across Europe: Replicators and further activities</p>	<p>Andrea Carosi / Edgar Bazing, Climate Alliance</p>	<p>This section summarizes the activities offered to our community replicators. It synthesizes the progress these replicators have made in building support mechanisms for local energy communities by providing a general overview and specific success stories.</p>
<p>12:30 12:40</p>	<p>Keeping the momentum SHINE</p>	<p>Anna Francis, Energy Cities</p>	<p>Specifically, we will share detailed insights and examples from the associated SHINE LIFE project. This presentation highlights the relationship between our work and focuses on the importance of "sister projects." These strategic connections provide a unique opportunity for sharing essential knowledge and experiences. The session emphasizes the mutual exchange of valuable lessons learned through these collaborations.</p>
<p>12:40 12:50</p>	<p>Q&A</p>		
<p>12:50 13:00</p>	<p>Wrap up and conclusions</p>	<p>Ivan Aranda, R2M solution</p>	<p>The final session will wrap up the event by summarizing the overall achievements and key takeaways of the LIFE-BECKON project. We will present the project's Key Performance Indicators (KPIs) to demonstrate its tangible impact. Finally, we will reflect on the vital lessons learned.</p>
